## DNR, Inc. Independent Dealer Compensation Plan

DNR, Inc. Independent Dealers just have it made. The products they market get incredible results. The products are easy to demonstrate. They don't have to worry about their products harming their clients with an overdose, synthetic chemicals, or side effects. There is no competition. And the financial rewards are excellent.

You have the same opportunity to join the thousands of others who recognize that light energy is the future of health care and prevention. While traditional medical science is slowly recognizing this new technology, DNR, Inc. is forging ahead with over 140 products developed over a 28 year span. No other company enjoys the technology that encodes light wave signals into natural liquid supplements and products.

Many of our dealers are satisfied with simply offering DNR products to their customers/clients/patients. Others have a desire also to build their own network of dealers. Regardless, all dealers enjoy the benefits of the Dealer Compensation Plan shown inside this brochure. Benefits include:

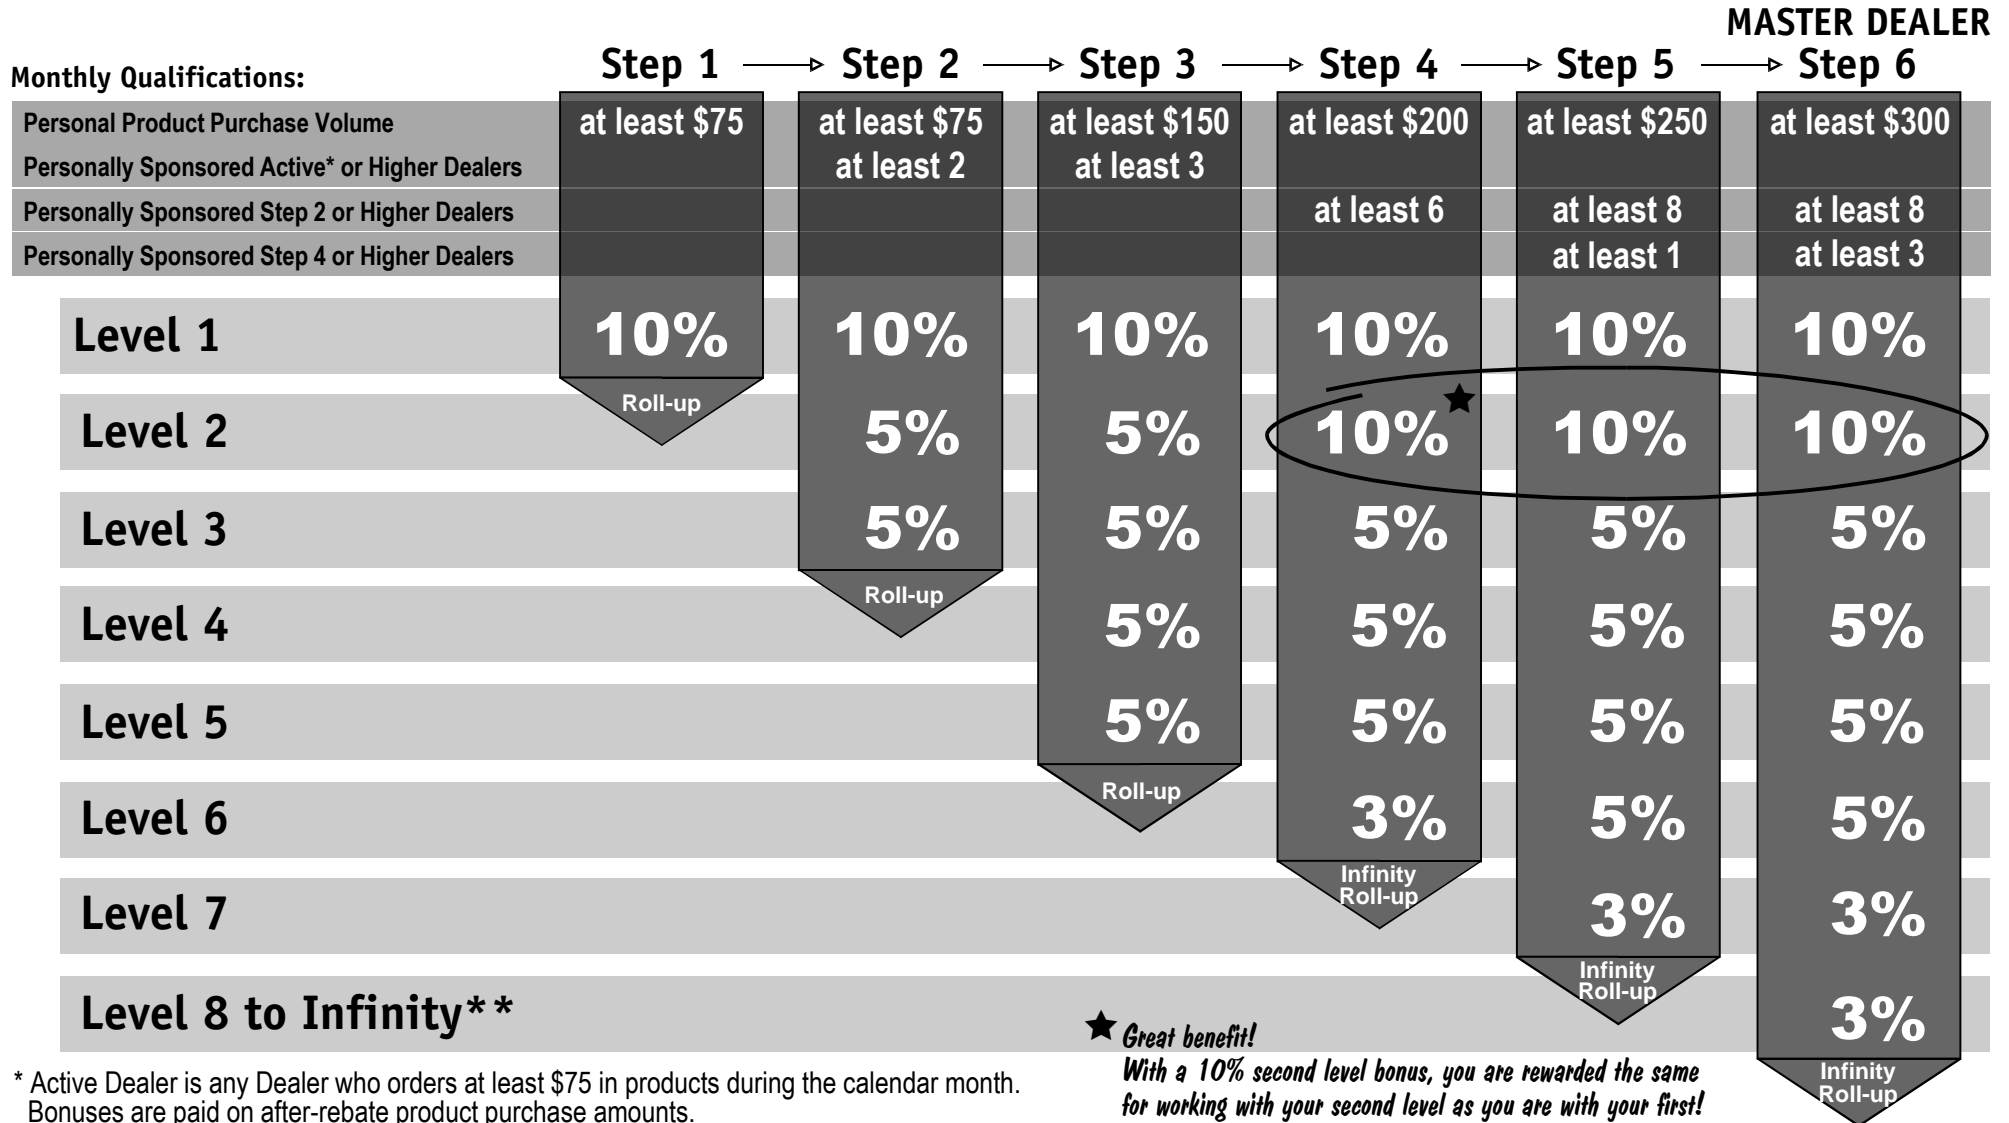

- Low \$40 Dealer Kit fee - as good as free with your \$40.00 Retail Value first product order discount certificate!
- Immediate 40% discount on products (compare to 25% in most plans), *PLUS* Personal Rebates up to 25% (compare to No Rebates in most plans)!
- Up to 8 levels of payout!
- Infinity roll-up and compression well past 8 levels (no break-aways or limited levels)!
- Simple to understand bonus qualifications (no Group Volume or Binary "leg balancing")!
- Highest bonuses are closest to you, not many levels deep where almost no one qualifies!
- Bonuses are paid on full after-rebate dollar amount paid for products (no P.V./B.V. tricks)!
- Personal purchase requirement for bonuses starts at only \$75, and never exceeds \$300 per month!
- Highest bonus level can be attained with only 11 personally sponsored Dealers, and only 81 downline Dealers!
- Dealers do not have to commit to buying the same products every month with forced auto-shipped orders!

# DNR, Inc. Dealer Compensation Plan

Dealers get a 40% discount off retail prices plus monthly rebates as follows:

Personal Purchase Volume	\$250	\$700	\$950	\$1,250
Percent of Rebate	10%	15%	20%	25%

\* Active Dealer is any Dealer who orders at least \$75 in products during the calendar month. Bonuses are paid on after-rebate product purchase amounts.

\*\* **Infinity Compression and Roll-up means:** All bonuses "roll up" to the first Dealer qualified to receive that bonus. This allows you to receive bonuses on many more levels than shown. And unlike most "Infinity Bonuses," they do not stop at the next Dealer in your downline with the same title you have!
